## **PART A: MOTIVATION REPORT**

### **INTRODUCTION**

#### **Background**

The Voortrekker Road Corridor Improvement District (VRCID) was formally established in 2012 in order to provide over and above top-up services to that of the City of Cape Town and the South African Police Services (SAPS). These include public safety, environmental upgrading which includes urban maintenance, and cleaning services and social upliftment. This Business Plan is in support of the 2<sup>nd</sup> renewal of the initial Business Plan as the VRCID aims to extend its work into a 3<sup>rd</sup> five-year term as from 1 July 2022 to 30 June 2027.

The VRCID is situated within the area known as the “second” Central Business District of Cape Town, namely Bellville and Parow. This underlines the importance of the VRCID in creating a Safe, Clean and Sustainable Central Business District.

To underline the importance of the VRCID, the following are but a few of the large hospitals, corporates, government institutions and shopping malls based within the VRCID:

- Louis Leipoldt, Melomed and Medicross Hospitals with Karl Bremmer and Tygerberg Hospitals being on the fringe of the VRCID
- Sanlam
- The Foschini Group
- Vodacom
- Eskom
- Northlink College
- University of the Western Cape (Faculty of Health Science)
- South African Revenue Services
- Department of Home Affairs
- South African Social Services Agency
- City of Cape Town (Bellville Civic Centre and other offices)
- Middestad and Parow Malls

Furthermore, the Bellville Public Transport Interchange is the 2<sup>nd</sup> busiest PTI in Cape Town with 400 000 daily trips starting or flowing out of the Bellville PTI.

In terms of Bellville being an office node, it is the 2<sup>nd</sup> largest office node within the metropole of Cape Town. 21% of office space within Cape Town is situated in Bellville alone; this being 562 816m<sup>2</sup> (source: SAPOA office vacancy report 2019).

Like all City Improvement Districts (CIDs) in Cape Town, the VRCID is a non-profit company (NPC) which is funded by an additional rate levied on rateable commercial properties situated within the VRCID. CIDs are approved by the City Council in terms of the Special Ratings Area bylaw.

Also, importantly, is that the VRCID works in partnership with the Greater Tygerberg Partnership (GTP) which was created by the City of Cape Town in August 2012. The GTP pursues the goal of an inclusive and economically prosperous greater Tygerberg region in which the VRCID falls. The GTP cannot deliver on these strategic goals without the support of the VRCID.

The VRCID is also part of the Urban Development Zone (UDZ). The UDZ is a tax incentive administered by SARS, and aims to encourage private sector-led residential and commercial development and re-development in inner-city areas with developed public transport facilities. The UDZ allows businesses which fall within its area to benefit from significant tax savings for building development. Investors are currently looking towards the VRCID area for future developments.

The VRCID supports the City of Cape Town's Integrated Development Plan (IDP) which focusses on 5 pillars, namely the opportunity city, the safe city, the caring city, the inclusive city and a well-run city. All these pillars are part of the daily work being carried out by the VRCID.

The VRCID not only delivers for current commercial property owners but for all who use the VRCID as an area to work, live and socialize in. For example, all commercial and residential property owners and their tenants, visitors to the VRCID, commuters, shoppers, students and office workers etc. are directly affected by the work being done by the VRCID to ensure a safe, clean and sustainable Bellville and Parow CBD.

### **Achievements since the establishment of the VRCID**

- The VRCID has achieved unqualified audits since inception in 2012.
- The VRCID twice received the International Downtown Associations Prestigious Pinnacle Award, in 2017 and 2020. This is the highest honour bestowed upon CIDs internationally by the International Downtown Association which is based in Washington D.C. (USA).
- Together with the Greater Tygerberg Partnership, it received PETCO's award for Best Community Recycling Initiative in 2021.
- The VRCID Chief Operations Officer has been invited to speak at international conferences on the success and the model of the VRCID; these being in Sweden, Germany, United States, The Netherlands and in Namibia.
- *Tryggare Sverige* ("Safer Sweden") used the VRCID as an example of a best practice CID as part of their strategy to establish CIDs in Sweden.
- The VRCID received a Certificate of Appreciation from the Mayor of Cape Town for its valuable contribution to the community.
- Certificates of Appreciation were received from Bellville SAPS for outstanding work done in partnership with SAPS.
- Received a Certificate of Recognition from the SAPS Bellville Cluster as being the "Best CID of the year" in the Cluster.

- Achievements in terms of public safety, cleaning and environmental upgrading and social upliftment are too many to mention; statistics can be viewed in all Annual Reports which are available on the website.

**Name of City Improvement District:**

Voortrekker Road Corridor Improvement District NPC (VRCID)

**Applicant's name and business address:**

VRCID Board of Directors  
Voortrekker Road Corridor Improvement District  
3A Bellpark Building  
Corner De Lange and Teddington Roads  
Bellville  
7535

**Geographical boundaries:**

The VRCIDs boundaries can be defined as follows:

**Western Boundary**

Picton Street, from Cloete Street, including all properties bordering on Picton Street to Victoria Street to Klosser Street to Alexandra Street to Steenbras Street and Gardiner Street in Parow.

### **Northern Boundary**

All properties on Voortrekker Road and all adjacent properties to the north of the bordering properties so as to include all City of Cape Town parking areas north of the properties bordering Voortrekker Road from Steenbras Street and Gardiner Street intersection with Voortrekker Road to McIntyre Road.

All properties along McIntyre Road up to intersection of 1<sup>st</sup> Avenue. All properties in 1<sup>st</sup> Avenue up to Fairfield Road and then to Wynne Road. The boundary then continues along Wynne Road up to Toner South Road, extending eastwards to meet up with Mike Pienaar Boulevard.

The boundary then follows Solway Street including all properties in Solway Street then 1st Avenue, Cleveland and 2<sup>nd</sup> Avenue, Welgemeend Street and Synagogue Street in Boston to join up with Durban Road in the Bellville CBD.

The boundary follows Durban Road including all properties bordering on Durban Road to Frans Conradie Avenue to Carl Cronje Drive to Raglan Road including all properties bordering Raglan Road to John X Merriman Street, along Durban Road southwards including all properties west of Durban Road up to Frans Conradie Avenue, Victoria Street, Teddington Street, Pastorie Road, Louwville Street, De Lange Road, Maree Street to Du Toit Street including all properties bordering on Du Toit Street to End Street including all properties bordering on End Street to Bill Bezuidenhout and along the northern boundary of the road reserve of Strand Street to Link Street, along Linda to De La Haye and the intersection of De La Haye Strand Street. 2

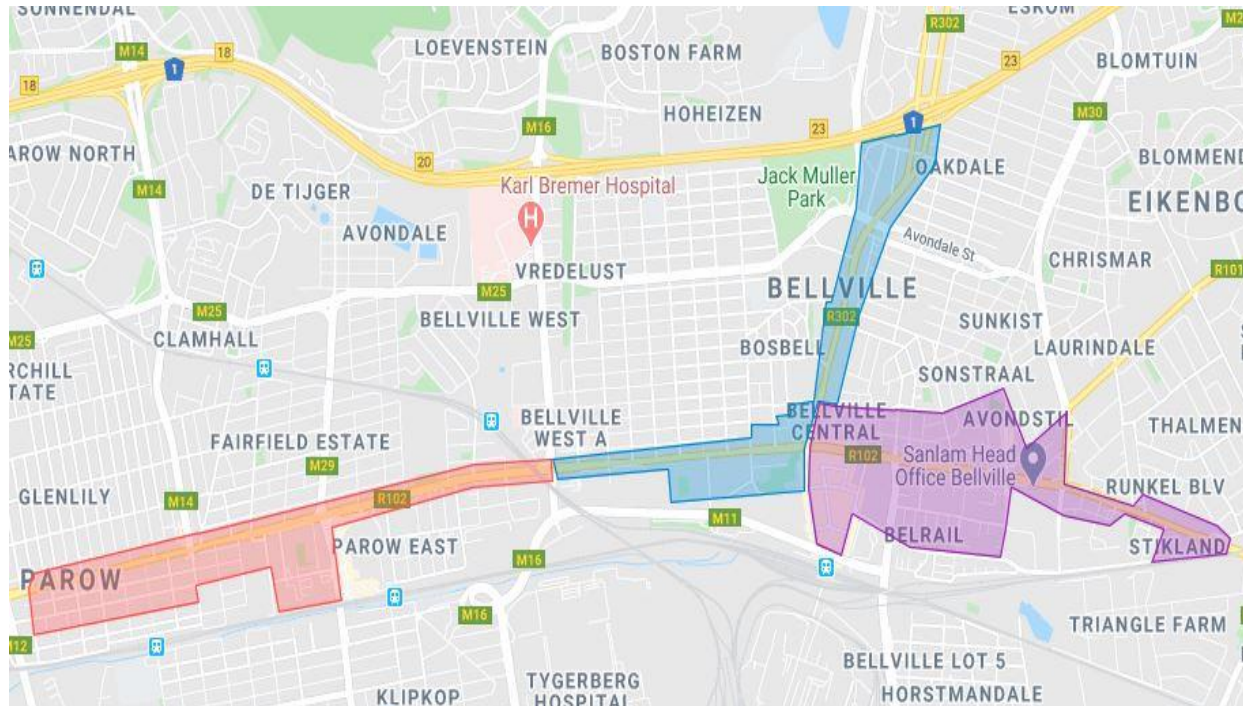

### **Eastern Boundary**

De La Haye Road and Suid Street intersection with Strand Street.

### **Southern Boundary**

From the Suid Street intersection with Strand Street, to include all properties bordering on Strand Street to Oos Street to Reed Street to Modderdam Road to Tienie Meyer Boulevard to West Street to include all properties bordering on Voortrekker Road and West Street to Railway Road, to Norden Street to King Edward Street up to the intersection of King Edward Street and Picton Street and then southwards to Cloete Road to include all properties bordering on Picton Street.

The VRCID is divided into 3 Precincts as per the map below.

### **Vision**

The vision of the VRCID is to create and maintain an urban environment along the Voortrekker Road Corridor that is clean, safe and sustainable.

### **Mission**

It is the mission of the VRCID to improve and upgrade the public environment for the benefit of all.

## **Goals**

The VRCID has the following goals which are in support of the City of Cape Town and South African Police Services:

- Provide public safety by proactive visible patrolling and cooperating with existing SAPS and City of Cape Town Law Enforcement efforts as well as other security service providers in the area; this goal is over and above the services provided by the City of Cape Town and SAPS.
- Creating a safe and clean public environment by addressing issues of maintenance and cleaning of streets, pavements and public spaces in partnership with the City of Cape Town.
- Manage existing and new public infrastructure for the future benefit of all the users of the area in cooperation with the City of Cape Town.
- Protect and increase property values.
- Attract new investment to the area.
- Support the promotion of the VRCID business area as a safe and clean environment by promoting greening, energy efficiency, recycling and risk/disaster management.
- Support and promote social upliftment and development in the area.
- Promote and facilitate responsible giving towards eradicating poverty.
- The sustained and effective management of the VRCID area.

## **Core Values and Accountability**

As mentioned above, the core purpose of the VRCID is to provide over and above services to that of the City of Cape Town and SAPS. Our core values are:

- Respect
- Collaboration
- Clear communication
- Excellence
- Commitment

In terms of accountability towards the commercial property owners and broader community, the VRCID is managed by the Chief Operations Officer (COO) who in turn reports to the elected Chairperson and Board of Directors. The COO communicates to all stakeholders on a regular basis, either directly or via social media. It also publishes an Annual Report which is available to all on the VRCID website. Board meetings are held quarterly with appointed City of Cape Town Councilors in attendance.

### **Proposed services: 2022 – 2027**

In order to address these needs, the VRCID will be directed to address six main focus areas namely:

- a) Management of the VRCID
- b) Public Safety
- c) Environmental Upgrading and Urban Management
- d) Cleaning
- e) Social Upliftment and Development
- f) Marketing and Public Relations

### **Consistency with Integrated Development Plan (IDP)**

The Integrated Development Plan of the City of Cape Town rests on 5 pillars and the VRCID supports these pillars as follows:

- **The Opportunity City.** The VRCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management and social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.
- **The Safe City.** The primary focus and therefor budget allocation for the VRCID is aimed at improved public safety in the public spaces within the VRCID boundary. The VRCID therefore directly supports a Safe City.
- **The Caring City.** The VRCID supports the City's Social Upliftment Strategies to find lasting solutions for Social Development, which includes supporting individuals to move from the street into places of safety, support NGOs that provide social services and where possible create employment opportunities.
- **The Efficient City.** The VRCID supports the functions of the City through the delivery of coordinated top-up municipal services and communicates with the various line departments which facilitates streamlined communication and service delivery with the City.
- **The Well-Run City:** The VRCID's governance structures ensures an open and transparent approach in the way public money is used for the benefit of the community.

Each of these pillars are considered within each of the main service areas of the VRCID business plan and highlighted in each section.

## STRATEGIC OBJECTIVES FOR 2022 – 2027

In partnership with the City of Cape Town and the SAPS, the VRCID will to the best of its ability, assist in creating a safe, clean and sustainable environment.

### **Improving Public Safety**

Being the main priority for the VRCID, the majority of the annual budget, being 56.7%, will be spent on Public Safety. Over the next five years, as part of this business plan, the VRCID will continue to do the following:

- Utilize the VRCID CCTV camera system to assist in identifying hot spot areas and to redirect resources to such areas.
- To monitor crime trends and plan accordingly in terms of manpower and other resource deployments.
- To offer assistance to the VRCID partners, being SAPS and Law Enforcement, to combat criminal activity within the VRCID.
- To patrol the VRCID 24 hours a day, 7 days a week to ensure a safer area for all.

### **Cleaning and upgrading of public space**

A total of 14.6% of the VRCID's budget will be spent on ensuring a cleaner and well-maintained public space. The VRCID's urban management team will continue to provide the following:

- Assist the City of Cape Town by providing top-up services in terms of cleaning and upgrading of public space.
- Collect and remove illegal dumping, collect litter, ad-hoc cleaning of hotspot areas, removing of graffiti and continue to report defects and major maintenance issues to the City.

### **Promoting Social Development and Upliftment**

Homelessness and poverty remain a challenge within the VRCID due to the ongoing economic crisis. 1.3% of the VRCID's budget will be spent on Social Development and Upliftment. It is envisaged that homelessness and poverty will increase over the next 5 years and therefore the VRCID's social development and upliftment team will continue to do the following:

- Work in close partnership with all the relevant NGO's, shelters, both City of Cape Town and Provincial Government social development departments and faith-based organizations amongst others.
- VRCID field workers will engage daily with the adult homeless and destitute and street children on the streets of the VRCID.
- Continue to promote the concept of Giving Responsibly to all VRCID stakeholders.

### **Promoting effective communication to stakeholders**

Communication of the work being done by the VRCID to all its stakeholders will continue as previously. 1.15% of the budget will be spent on Communications and Public Relations. The VRCID will continue to promote the following:

- Promote the work being done by Public Safety and Security, Urban Management and Social Upliftment to all stakeholders, either via social or printed media and on air.
- Building good relations with all media.
- In partnership with the Greater Tygerberg Partnership, promote the VRCID as a destination for business.

### **PUBLIC SAFETY**

In order to improve public safety and security, the VRCID will develop a comprehensive and integrated public safety plan for the area in partnership with its appointed public safety service provider.

The VRCID initiative and the inherent public safety and security situation of the area requires the deployment of Public Safety Officers (PSO's) and Rapid Response patrol vehicles to adequately secure the public areas, 24hours a day, 7 days a week. The main aim of such a deployment is to provide our stakeholders with a safe and secure area and strive to ensure rapid response to all incidents reported or observed. The deployment of VRCID Public Safety Officers is supported by a vehicle patrol element and a 24hour manned CCTV operational command centre, situated at the VRCID offices, with a dedicated 24-hour contact number for VRCID levy payers.

Considering the contributions from other stakeholders such as the SAPS, Metro Police and Law Enforcement of the City of Cape Town, the following public safety plan is proposed for the VRCID. This plan involves the deployment of Public Safety Officers in rapid response vehicles with the support of the VRCIDs 76 CCTV cameras situated throughout the VRCID.

### **Public Safety Officers**

The VRCID Public Safety Officers (PSOs) will patrol the VRCID in clearly marked rapid response vehicles and as the situation dictates, on foot as well. They will be supported by the VRCID's CCTV operational command centre, situated at the VRCID offices.

The PSOs will wear easily identifiable uniforms that and act as the “eyes and ears” for the VRCIDs crime prevention partners. They are at the forefront of protecting and assisting the public and businesses against the criminal element.

VRCID Public Safety Officers

Typically, the PSOs get to know their neighbourhood and community very well and often serve as a first point of contact for emergency needs, assist Law Enforcement to maintain order and providing an additional deterrent to crime through their consistent coverage and visibility. PSOs are equipped with two-way radios on themselves and within the patrol vehicles. Patrol vehicles are also fitted out with a tracking system in the event of an emergency so as to quickly track the vehicle and PSOs if needed. They become an integral part of general law enforcement, often being the ones to identify criminal activity and form an extension of the SAPS and the local authority Law Enforcement. A smaller group of well-trained PSOs have proven to be very successful in securing an area through active engagement with all people in the precinct.

Additional training of PSOs is required to become knowledgeable on how to identify and report issues, first aid and first-responder training, communication skills and homeless outreach services. Beyond basic training, the PSOs develop a keen awareness and information of specific neighbourhood safety issues including drug trade, gang presence, poverty, social issues, criminal activity and behavior. If required, PSOs also provide walking escorts to people entering businesses early or staff leaving work late or elderly and vulnerable people feeling insecure.

The following manpower is proposed as part of the public safety and security plan:

- Service Provider contract manager
- 48 PSOs
- 6 Rapid Response vehicles, patrolling the area 24hours a day, 7 days a week
- 3 mobile command posts
- 100 CCTV cameras, monitored from the VRCID security operational command centre
- 15 License Plate Recognition cameras
- Radio communication network between all PSO/vehicles and the CCTV security operational command centre
- 2 City of Cape Town Law Enforcement Officers (paid for by the VRCID)

Over and above the VRCID resources, the City of Cape Town also deploys Law Enforcement Officers to serve the greater Bellville and Parow community that overlaps with the VRCID.

## **CCTV surveillance**

In addition to the PSOs, the VRCID has its own CCTV security operational command centre which operates from the VRCID offices, 7 days a week, 24 hours a day. All cameras are strategically placed throughout the VRCID so as to provide the best footage and monitor hot-spot areas. SAPS and Law Enforcement make daily use of the VRCID's surveillance capability and this bolsters their efforts to combat criminal activities. Footage is also used as evidence against criminals who are apprehended by our partners.

The cameras act and assist in deterring crime, recording of footage that can be used in a court of law, and assist in directing patrol vehicles to an emergency.

VRCID 24-hour CCTV security operational command centre

## **Operational safety and security forum**

In order to facilitate an integrated approach, the VRCID will continue its participation in the existing safety and security forum in association with the appointed security service provider. These actions will include coordination and cooperation with:

These actions will include working in partnership with the following:

- The South African Police Services, particularly SAPS Bellville and SAPS Parow
- Local Community Policing Forums
- Local Neighbourhood Watches
- City of Cape Town Safety and Security Directorate
- Western Cape Government Department of Community Safety
- All private security companies operating within and bordering the VRCID

This forum will continue to encourage the involvement of members of the VRCID, property owners, tenants, businesses and representatives of the above-mentioned organizations. This forum will continue to share pertinent information as well as trends or emerging threats. The forum is attended by the following stakeholder groups on a monthly basis:

- The preferred private security service provider – employed by the VRCID
- Management staff of the VRCID
- The local SAPS Commander/s
- Metro Police
- Law Enforcement
- Traffic Services
- A representative of the Community Policing Forum and or Neighbourhood Watch
- Representatives of other private security companies operating within the area

The above partnerships will enable the VRCID to form a security blanket cover over the VRCID and continue to combat crime in partnership with the above services and or partners. This will create an environment where citizens feel safe and therefore contribute and be in support of the IDP pillar of a Safe City.

## Public Safety taskings

The public safety department of the VRCID will therefore, taking all of the above resources into consideration, be able to do the following in support of the City of Cape Town and SAPS:

- Immediately respond to all incidents reported to the VRCID control centre via the 24-hour emergency hotline
- Provide visible policing in terms of our PSOs, branded mobile units and security kiosks
- Police bylaw infringements via VRCID funded LEOs, including antisocial behaviour and aggressive begging
- Participate in scheduled joint crime-prevention operations with our primary and other partners including vehicle checkpoints and stop-and-search operations, and drug-dealing operations
- Target hotspot areas
- Participate in the consultative processes around liquor applications
- Provide security for events to safeguard areas directly surrounding and leading to event footprints
- Assist the public with medical and rescue callouts and vehicle breakdowns
- Participate in security forums and collaborate with Sector policing
- Analyze and interpret trends related to public safety

By doing all of the above and more, the VRCID contributes and focusses on the creation of an environment that stimulates sustainable economic growth, investment and job creation. This is in support of the IDP pillar of an Opportunity City.

Dangerous weapons confiscated by VRCID Public Safety Officers

## MAJOR DELIVERABLES ACROSS 2022-2027

Public Safety will strive to:

- Maintain and review existing security strategies to ensure the VRCID delivers on its mandate to provide public safety within its boundaries.
- Enforce the City's bylaws, especially regarding anti-social behavior.
- Enhance the level of training of all personnel to enable the team to cope with new and emerging public safety threats.
- Improve public safety efforts via its upgraded incident reporting system to be able to plan more effectively when allocating resources.
- Implement innovative technologies to improve the level of service offered by doing ongoing research and investigation.
- Maintain existing partnerships with all Law Enforcement agencies and develop new ones to meet the goal of having a safe and secure area.
- Continue to deliver value-add services and provide a visible public safety presence by employing additional public safety officers, if the budget allows such deployments.

### A snapshot of Public Safety statistics for 2020/21

The budget for the provision of Public Safety is R14 710 000 or 56.7 % of the annual budget of Year 1 of the Business Plan.

## AREA CLEANING AND ENVIRONMENTAL UPGRADING

The VRCID will provide a clean and attractive environment within its area of responsibility. This will be achieved by providing top-up or additional cleaning services required in the VRCID. To establish the most effective cleaning plan the strategy will support existing waste management services, identify specific management problems and areas and assist in developing additional waste management and cleaning plans for the area.

Top-up services will be in partnership of the primary partners at the City of Cape Town, being Solid Waste, City Parks, Environmental Health, Water, Public Space Design, Property Management and Sewage amongst others.

The plan will be executed by establishing a team to:

- Decrease waste and grime in the area through a sustainable cleaning programme.
- Provide additional street sweeping, waste picking and additional refuse collection in all the public areas.
- Removal of illegal posters, graffiti and stickers from non-municipal infrastructure.

Environmental Upgrading will be improved by:

- Developing and implementing a plan to identify and monitor the status of public infrastructure such as roads, pavements, streetlights, road markings and traffic signs.
- Coordinating actions with the relevant City of Cape Town's departments to address infrastructure defects. This will be done through specific liaison with departments and officials in addition to the reporting and monitoring of repairs identified by the CID Manager.
- After a base level of repair and reinstatement has been achieved the VRCID team will implement local actions to correct minor issues.

### **Working in partnership with City of Cape Town**

In addition, the urban management team will, in consultation with the relevant City Departments assist with:

- Graffiti removal
- Removal of illegal posters and pamphlets from public spaces and non-municipal infrastructure
- Removal of illegal dumping
- Reporting of street lighting issues and traffic light failures
- Painting of road markings and correction of road signs
- Greening, tree pruning and landscaping
- Kerb, bollard and paving reinstatements
- Storm water drain cleaning where required
- General reporting of all infrastructure maintenance issues on the C3 system and following up of such reporting
- Rubble and stone removal
- Spraying of weeds
- Basic gardening services

The following manpower is proposed as part of the urban management and cleaning plan:

- 1 Cleaning Manager
- 25 cleaners per day
- 3 drivers

The following equipment will be required to deliver an effective and professional service:

- General cleaning equipment such as spades, rakes, picks, wheelbarrows etc.
- General maintenance tools such as scrapers, paint brushes, spanners, weed blowers, saws etc.
- Materials such as paint, graffiti remover, cement and cleaning materials such as plastic bags which will be acquired as and when needed.
- High pressure hose and trailer.

### **Recycling initiative**

The City of Cape Town's Solid Waste Department have embarked on various recycling projects incorporating waste drop-off facilities completely dedicated to recycling and/or the appointment of waste recycling companies that support the collection and recycling of waste from businesses. The VRCID continues to develop and facilitate similar facilities and initiatives for the VRCID area in support of the need for recycling programs, more specifically in partnership with the Greater Tygerberg Partnership and Mould Empower Serve (MES – an NGO based in the northern suburbs).

The cleaning and urban management services as planned is also in support of the IDP pillar for an Efficient City. The VRCID supports the functions of the City through the delivery of coordinated top-up municipal services and communicates with the various line departments which facilitates streamlined communication and service delivery with the City.

Litter being collected by VRCID

VRCID teams cleaning storm water drains

## MAJOR DELIVERABLES ACROSS 2022-2027

Urban Management will strive to:

- Maintain existing successful cleaning strategies and implement them to ensure the VRCID remains clean.
- Research national and international best-practice cleaning strategies to remain at the forefront of urban management trends and apply them to the VRCID.
- Extend existing, and develop additional, training programmes with partners and service providers to create work opportunities for disadvantaged individuals.
- Expand the VRCID beautification programme through partnerships and sponsorships with stakeholder's keen to invest in the VRCID.
- Maintain, improve and develop stakeholder and business partner relationships which will encourage ongoing support for urban services and projects.
- Promote public awareness of the need to maintain a clean, beautiful urban environment through campaigns that highlight the cost and negative impact of littering and illegal dumping as well as the benefits of recycling.

## A snapshot of Urban Management statistics for 2020/21

The budget for the provision of cleaning and urban management services is R3 781 220 or 14.6% of the annual budget of Year 1 of the Business Plan.

## **SOCIAL DEVELOPMENT**

The social issues of the VRCID remain varied and complex and no single plan or approach will address these issues. The VRCID will continue to coordinate social intervention actions with the various NGO's and social improvement organizations in the area and assist in the development of a comprehensive strategy for addressing social issues in conjunction with the City of Cape Town, all relevant social welfare organizations and institutions.

The VRCID has established a Joint Operations Committee where a platform was created for various sectors that deal with street people to come together and develop an integrated, functional protocol with specific reference to the street people in the Northern Suburbs. Different Task Teams continue to address the street people problem in a pro-active way, but also to assist the street person and the community in such a way that the street person can be re-integrated in the community.

The Social Intervention Plan can only succeed by offering unemployed and or homeless people access to psycho-social and rehabilitation services, affordable accommodation, re-unification with family and a predictable income. Therefore, the VRCID's Social Development programme will continue into the next 5 years. Partnerships between the various CIDs and NGOs create a more cost-effective approach to the provision of a "top-up" service to the municipal cleaning services when large area clean-ups or specific maintenance tasks are required. It is therefore suggested that in addition to the permanent maintenance team the social work programme is used to deploy previously homeless people from NGOs for specific clean-up projects in the VRCID area. Creating permanent employment opportunities via an NGO as e.g., a cleaner will create a pathway out of unemployment and homelessness for people in the VRCID and surrounding areas.

### **Partnerships**

The Social Development team will work closely with the following partners, amongst others:

- City of Cape Town Social Development department
- Provincial Department of Social Development
- Mould Empower Serve (MES)
- The Haven Bellville
- Kids Rise Against Circumstances (KRAC)
- El Theos
- Elim Night Shelter
- Tygerberg Association of Street People (TASP)
- The Ark
- TB HIV Care
- Western Cape Street Children's Forum

Working in partnership

### Stakeholder relations

Social Development will also engage with all stakeholders within the VRCID, responding to complaints from especially VRCID additional rates payers and importantly, educate the public around social issues. They will also:

- Conduct daily patrols of the VRCID area to identify new adults and children living on the street
- Transport clients to hospital or arrange for an ambulance in severe cases
- Assist in admission to hospital for chronic and acute conditions
- Visit clients in hospital and assist in discharge plans
- Take clients to clinics for medication
- Assist in voluntary and involuntary admission to hospital in mental health cases
- Respond to business and public concerns about street people
- Address anti-social behaviour with the homeless to manage and minimize conflict
- Do regular precinct overviews with other VRCID staff to attend to concerns
- Conduct regular surveys to understand the changing dynamic on the street

- Refer job seekers and destitute people to NGO partners
- Attend Police, Neighbourhood Watch and security meetings when necessary
- Support NGOs around the protection of street children and strollers
- Identify vulnerable community members and children in the community and assist them or refer them to organisations that can prevent them from ending up on the streets
- Build constructive relationships
- Assist with potential family reunification
- Assist partner NGOs with shelter space, food and clothing and day to day services

MES cleaners picking up illegally dumped litter

The social upliftment programmes as planned is in support of IDP pillar for a Caring City. The VRCID supports the City's Social Upliftment Strategies to find lasting solutions for Social Development, which includes supporting individuals to move from the street into places of safety, support NGOs that provide social services and where possible create employment opportunities.

The social upliftment programmes as planned is in support of IDP pillar for an Opportunity City. The VRCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management as social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.

MES teams clearing storm water drains

## MAJOR DELIVERABLES ACROSS 2022-2027

Social Development will strive to:

- Build constructive relationships with sector partners/stakeholders to reduce the number of street people, and to give them dignity and the hope of a better life.
- Identify new approaches to ensure the best possible results are achieved for the homeless.
- Facilitate an integrated social development strategy for the VRCID.
- Build new, sustainable partnerships.
- Explore skills development and job readiness programmes with NGOs to create additional entry-level employment opportunities for street people.
- Conduct ongoing education with the public on the reality of living on the street.
- Provide additional support to partner NGOs as the need arises.

- Explore additional health services for the homeless, as well as safe overnight emergency space.
- Advocate for a developmental, holistic approach which includes affordable accommodation solutions, rehabilitation opportunities (including psycho-social support) and employment opportunities.
- Participate in research, data collection and advocacy groups to hear the voice of homeless adults and children as well as impactful services to this group by NGO's, by attending meetings of the Western Cape Street People Forum, The Western Cape Street Children Forum and the Cities' Network Meetings.
- Train and empower private security, Law Enforcement agencies and Neighbourhood Watches in terms of understanding the pathologies of homeless people and how to approach them in such a way that they get the necessary cooperation from the homeless population.

#### A snapshot of Social Development statistics for 2020/21

The budget for the provision of social upliftment is R330 000 or 1.3% of the annual budget of Year 1 of the Business Plan.

## **MARKETING AND COMMUNICATIONS**

### **Services**

The VRCID will focus on communicating with its members, businesses and property owners of the VRCID by doing the following:

- Maintaining an informative and updated website.
- Grow the VRCID brand by promoting its work in the media and through its own publications and social media platforms.
- Distributing VRCID flyers and/or newsletters reflecting the initiatives and successes of the VRCID.
- Promoting the VRCID amongst the local businesses and industries.
- Promoting “good news” stories to the public via the printed media as well as on air.
- Promote community pride through the initiatives of the VRCID in making the area cleaner and safer.
- Promoting the VRCID through high visibility branding on the patrol vehicles.
- Promoting the VRCID through high visibility uniforms with VRCID branding for the Public Safety Officers and Cleaning staff.

The marketing programme included in the Business Plan is in support of the City of Cape Town’s IPD pillar for an Opportunity City. The VRCID is working towards the continuous development and improvement of the urban environment through public safety, cleaning, urban management and social initiatives, all aimed at safeguarding and growing the existing businesses and economic opportunities thereby maintaining and creating employment opportunities.

### **MAJOR DELIVERABLES ACROSS 2022-2027**

In terms of Marketing and Communications, the VRCID will strive to:

- Communicate the value of the VRCID in new, unique ways to show why the area is worth investing in. For example, a crowdfunding campaign to raise money for the VRCID and partner’s new Parow Drop-in Centre, or a collaboration with a photographer to capture people who have been empowered by the VRCID’s Social Development Team.
- Build on the VRCID’s current media exposure by pitching to a wider range of bigger publications, such as Die Burger, Weekend Argus and Good Things Guy.
- Reports often end up in a bottom drawer, unread. We will post a monthly report on Facebook, detailing the latest urban management, safety & security, and social development statistics, so that the VRCID team’s hard work is recognised by their social following.
- Re-introduce Facebook ad spend, to make sure more eyes and ears seeing the VRCID’s informative posts via targeted ads.

- Grow the newsletter database via a newsletter landing page promoted on Facebook.
- Continue to feature ‘positive stories from the field’, as well as content that educates the public about social issues and how best to handle them.
- Remain on top of online media trends to ensure messaging is on point, online platforms deliver efficiently, and the website is relevant and responsive.

#### A snapshot of Marketing and Public Relations statistics for 2020/21

The budget for the provision of marketing and communication is R300 000 or 1.15% of the annual budget of Year 1 of the Business Plan.

## **FINANCIAL IMPACT OF THE VRCID**

As per the City's Special Rating Areas (SRA) Policy, an annual budget is prepared by the VRCID, based on the needs of the area as described in the business plan. The budget provides for envisaged supplementary and related services and actual costs of operation as well as a 3% (three percent) provision for bad debts.

The CID is funded by commercial property owners in the CID area through an additional property rate levied on the municipal valuation of all eligible properties within the boundaries of the CID. Additional property rates are variable at the current gazetted rate and are calculated by the City during the City's annual budget process.

The SRA Policy allows for a differentiation in tariffs for the different types of properties and as such a non-residential additional property rate is applicable in the VRCID. The Additional Rate is expressed as a Rand-in-the-Cent and is calculated by dividing the CID budget total with the total municipal valuation of all commercial properties within the boundary of the CID. The CID budget and Additional Rate is approved by Council with the City's budget and is applicable over a financial year, which starts on 1 July.

## **5 YEAR BUDGET OF THE VRCID**

The 5-year budget for the implementation and operations of the VRCID is set out in Part C.

It reflects the identified needs of the VRCID operations in as cost effective a manner as possible. Income in the form of additional rates will be derived from all commercial properties in the area and this attracts VAT at 15%. This additional property rate is calculated annually by the City of Cape Town. Should property owners receive partial or full relief in respect of rates they would enjoy full exemption from payment of any VRCID additional property rates. It is however incumbent on the commercial property owner to seek such relief from the City under the City's Rates Policy.

### **Financial impact of the VRCID**

The budget for each year of the Business Plan:

Year 1 2022-2023: R25 932 900  
Year 2 2022-2024: R28 007 532  
Year 3 2024-2025: R30 248 135  
Year 4 2025-2026: R32 667 985  
Year 5 2026-2027: R35 281 424

The increase in the budget is based on an average 10.4% escalation for Year 1 and thereafter 8% per annum.

Individual contributions for residential and non-residential properties can be calculated as follows:

1. Municipal valuation x R 0.XXXXXX = Annual contribution (VAT excl.) – Note: R 0.XXXXXX represents the approved VRCID additional property rate.
2. Annual contribution (VAT excl.) ÷ 12 = Average monthly contribution (VAT excl.).
3. Average monthly contribution (VAT excl.) x 1.15 = Average monthly contribution (VAT incl.)  
e.g. R5,000,000 x R 0.002407 = R12,035.00 ÷ 12 = R1,002.92 x 1.15 = R1,153.35

#### **Budget allocation per department**

- Public Safety: R14 710 000 or 55.5%
- Cleaning and Environmental Upgrading: R3 781 220 or 14.3%
- Social Development: R337 000 Or 1.3%
- Communications: R300 000 or 1.13%

#### **MANAGEMENT STRUCTURE OF THE VRCID**

The VRCID will be an independent, non-profit company (NPC) governed by a Board of Directors who will be elected by its members and who is responsible for the management of the VRCID, within the framework of the approved VRCID business plan and oversees the implementation thereof. The City of Cape Town will also be represented on the Board by Councilors, being observers of the City of Cape Town.

The VRCID will be managed by a Chief Operations Officer, appointed by the Board. The COO reports directly to the Chairperson of the Board. In order to perform its mandate, the following permanent staff compliment is necessary:

- Chief Operations Officer
- Social Development Manager
- 3 Social Field Workers
- 3 Precinct Managers

## **Membership of the VRCID**

Membership of the VRCID will be open to all eligible commercial property owners within the VRCID at no cost or liability.

## **Composition and election of Directors**

The VRCID will be managed by an independent Board of Directors that will:

- Be elected by its members
- Comprise commercial property owners within the VRCID and political representatives from the City of Cape Town, who will attend board meetings as observers
- Manage a Non-Profit Company (NPC) that is responsible for the management of the VRCID within the framework of the approved VRCID Business Plan
- Implement the approved Business Plan of the VRCID
- Take responsibility for the various VRCID portfolios

An Annual General Meeting (AGM) will be held every year which will allow for the following:

- For Chairman's report
- Review the performance of the VRCID
- Confirm the mandate of its members
- Noting of Annual Financial Statements
- Discuss and approve the budget and implementation plan for the following year
- Elect new directors if necessary
- Appointment of registered Auditor
- Confirmation of Company Secretary

## **The current VRCID Board members are:**

- |                                     |   |                        |
|-------------------------------------|---|------------------------|
| • Hardus Zevenster (Chairperson)    | - | Radio Tygerberg 104FM  |
| • Johan Bester (Deputy Chairperson) | - | Sanlam                 |
| • Lamesa Modak                      | - | Growthpoint Properties |
| • Geo Nel                           | - | VW McCarthy Parow      |
| • Allan Bosman                      | - | The Foschini Group     |

- Romanie Smithdorf                      -        Vodacom
- Piet Badenhorst                        -        Laubscher & Hattingh Attorneys
- Ciska Mouton                            -        Ciska Mouton Physiotherapy
- Reg Barry                                 -        Private Property Owner
- Johan Oosthuizen                      -        Private Property Owner

All of the above is subject to monitoring and oversight by various departments in the City of Cape Town. The CID Department also advises on administrative and governance compliance.

The proposed management of the VRCID is in support of the IDP pillar for a Well-Run City. The VRCID's governance structures ensure an open and transparent approach in the way public money is used for the benefit of the community.

#### **Measures to ensure inclusivity**

Commercial property owners within the VRCID footprint will be encouraged to apply to become members of the VRCID so they can exercise their rights and influence the business of the VRCID. All such documentation is posted on the VRCID website.

#### **Permissible Amendments to the Business Plan**

There are currently no plans to investigate or explore significant changes to the strategy or operations of the VRCID and therefore none are noted here. Should any significant changes be required, such changes will be subject to approval of the Members of the VRCID at an Annual General Meeting or Special Members Meeting.

#### **List of all Rateable Properties within the VRCID**

A list of all rateable properties within the VRCID is attached as Annexure A.
